

Weather permitting; the Mosquito Control Section is planning the following insecticide application during the evening hours on **Monday, June 15, 2009** and during the morning hours on **Tuesday, June 16, 2009**.

Application of Permanone (permethrin/PBO) with truck-mounted sprayer to control adult mosquitoes in the following areas:

In and around Milford and Lewes and around Georgetown, Ellendale, Bridgeville, Seaford, Houston, Milton, South Bethany, Fenwick, Millville, and Long Neck.

All insecticides to be used are registered with the USEPA for mosquito control and will be applied according to USEPA approved label instructions. The USEPA has determined that the insecticides to be used do not pose unreasonable risks to human health, wildlife or the environment.
